How many were in your group?

Adults _____ Children _____

About how much did you spend on this trip? _____

How did you hear about the Coshocton Ring Trail?

☐ Keep me updated on other events in Coshocton.

Comments:

GETTING STARTED

1. Visit geocaching.com.
2. Sign up for a free membership; come up with a "cache handle" and use it to keep a record of caches you find.
3. Enter the coordinates of each Coshocton Ring Trail cache into your GPS device. These can be found at geocaching.com, along with other caches in the area.
4. Always bring a writing instrument. Use the coordinates to guide you to the area of the cache. Once the cache is located, sign the physical log. Remember to keep a record of the secret word (written on the top of the cache container) on your passport once you find a Ring Trail cache. Be sure to re-hide the cache exactly as you found it.
5. Return to geocaching.com and post a find log for each cache. Share comments (and photos if you have them) about your experience.

THE COSHOCTON RING TRAIL

There are millions of geocaches hidden around the world—now there are even more hidden right here in Coshocton County.

The Coshocton County Ring Trail offers fun, free, family-friendly activity you can do any time of the year! Locate and log a selection of caches within all three rings, complete the passport, and earn a limited edition coin!
